CORE COMPETENCIES

AI Strategy & Governance

- Multi-year AI roadmaps, governance frameworks, and AI portfolio management
- Model risk management, regulatory compliance, and board-level AI communication
- GenAI, LLM, AutoML, and agentic AI strategy — vendor-neutral advisory
- AI readiness assessments for government agencies and private sector organizations

Management & General Consulting

- Strategic planning, C-suite advisory, and organizational transformation
- Operating model redesign and business process optimization
- \$100M–\$1B program delivery experience across banking, logistics, and technology
- General business consulting for any organizational challenge at any scale

Financial Analytics & Risk

- Credit risk scorecards, AML models, and Basel II/III compliance
- Monte Carlo simulation, risk-adjusted pricing, and regulatory capital optimization
- ML-driven lending models and fraud detection for financial institutions
- Quantitative modeling and advanced analytics across financial services

Project & Program Management

- End-to-end program management — technology, transformation, and consulting
- Agile and Scrum delivery (CSM certified), PMO setup, risk management
- Stakeholder engagement, change management, and cross-functional coordination
- On-time, on-budget delivery of complex multi-year engagements

Digital Transformation

- Enterprise architecture, Data Center of Excellence design, and legacy modernization
- Cloud migration strategy and transformation — AWS and Azure certified
- AI-native web design and digital presence for modern organizations
- Technology vendor evaluation and selection — vendor-neutral expertise

Training & Workforce Development

- Executive AI workshops and enterprise AI adoption programs
- Data analytics literacy and AI governance training for workforces
- Bilingual delivery — English and French (native bilingual)
- Custom curriculum for government agencies and corporate teams

OUR TEAM

Senior Expertise. No Junior Hand-offs.

Every engagement is led by a senior principal with 15+ years of enterprise delivery experience. When you engage Groupe Fonga LLC, you get the expertise — not a team that reports to it.

Certifications

- IBM GenAI Certified
- AWS Certified Cloud Practitioner
- Azure Data Scientist
- Certified ScrumMaster (CSM)

Our leadership brings direct, hands-on experience from top-ranked global management consulting, Fortune 100 financial services, and leading enterprise AI platforms — across banking, capital markets, logistics, technology, and government sectors.

Education

- MS Applied Mathematics & Finance — Advanced quantitative modeling
- BS Business Administration & MIS — Summa Cum Laude, GPA 4.0

Languages

- Native bilingual — English and French
- Available for bilingual client delivery and government engagements

- SAS 9 Certified Programmer
- FinOps Certified Practitioner

Track Record

- 15+ years enterprise AI strategy and digital transformation
- \$1B+ total program scope delivered across multiple engagements
- 200+ enterprise accounts managed across global AI portfolio
- \$20M+ in regulatory remediation costs averted through AI governance work
- Programs delivered across banking, capital markets, logistics, and technology

DIFFERENTIATORS

MBE / HUB Eligible	Minority-Owned Small Business — HUB eligible (Texas) and SB set-aside qualified (federal). Helps agencies and prime contractors meet supplier diversity and subcontracting goals.
Fortune 500 Rigor	Leadership experience from the world's top management consulting firm — \$100M–\$1B program delivery at enterprise scale. That same discipline and methodology applied to every engagement, regardless of size.
Full AI Depth	We have built and deployed AI models in production — not just advised on them. AML models, credit risk scorecards, GenAI platforms, and agentic AI systems. We know what works before you spend a dollar finding out.
Senior Principal Only	No bait-and-switch. No junior hand-offs. The expertise you see is the expertise that shows up to your engagement. Direct access to the person who has done this before.
Austin, TX	Central Texas availability for state agencies. Immediate availability for in-person meetings with Texas DIR, HHSC, TxDOT, and other state agencies. Available nationwide.
AI-Enhanced Delivery	Proprietary agentic AI system purpose-built for consulting operations — faster proposal turnaround, better opportunity intelligence, lower operating cost passed to clients.
Bilingual	Native bilingual English and French. Supports federal agencies and clients with French-language program delivery requirements.
Certifications	IBM GenAI · AWS Cloud Practitioner · Azure Data Scientist · Certified ScrumMaster · SAS 9 · FinOps Certified
